B) Dear Tom,

People always have problems in their daily life and so do I.

Once, I lost my phone, and I felt very worried about it. I thought my parents might get angry if I told them about it. However, after thinking for a long time, I decided to tell my parents. To my surprise, instead of getting angry, they just told me to be more careful next time.

In my opinion, when we meet problems, we should try our best to solve them. However, if we can't solve them alone, we should ask our parents, friends and teachers for help. They can give us some useful and helpful advice.

How about you? How do you deal with the problems you meet?

Yours,

Li Hua

B) My Life in Thirty Years

My name is Jack. I am fourteen years old. I like playing the piano and playing basketball. My life in thirty years will be quite different from now.

In thirty years, I think I'll be taller, stronger and more outgoing. I will live in a big house in Shanghai with my family. I will have two children. I'll teach English in a big school. I will make friends with my students. In my free time, I'll play a lot of sports.

I'll study all subjects hard from now on. I believe it will come true as long as I study hard.
