The cartoon is for young children, but even adults are its fans as well. This cartoon has been so popular that the theme park named Peppa World opened in 2011 in the UK. Two more parks have opened in Italy and Germany. There, tourists can visit Peppa's house and school. They can also ride a train, a hot-air balloon, or a boat, just as Peppa's family do in the cartoon. Park workers dress up as the cartoon characters. Happiness is for everyone. You don't need to care about those who have beautiful houses with large gardens and swimming pools or those who have nice cars and lots of money and so on. Why? Because those who have big houses may feel lonely and those who have nice cars may want to walk on the country roads in their free time. In fact, happiness is always around you if you put your heart

into it. When you are in trouble in school, your friends will help you; when you study hard at your lessons, your parents are always taking good care of your life and health; when you get success, your friends will say congratulations to you; when you do something wrong, people around you will help you to correct it; when you do something good to others, you will feel happy, too. All these are your happiness. If you notice them, you can see that happiness is always around you.
